AMERICAN SHARE INSURANCE (ASI)

American Share Insurance, (ASI), is an Ohio-based share guaranty corporation that insures savings (share accounts) on deposit with state-chartered credit unions in selected states. Currently, more than one million credit union members across America rely on ASI to protect their life savings. ASI insurance helps the Christian Community Credit Union to meet the loan needs of its members.

Founded in 1974, ASI is the nation's largest private deposit insurer for credit unions and has operated in a safe and sound manner since its incorporation. Since its establishment, no member of an ASI-insured credit union has ever lost money in an ASI-insured account.

ASI insures each account of credit union members up to \$250,000 without limitation to the number of accounts a member may have.

The Credit Union is not federally insured, and if the Credit Union fails, the Federal Government does not guarantee that depositors will get back their money. Accounts with the Credit Union are not insured by any state government.
